

PRESS RELEASE

Urgent announcement from the VDBC headquarters that the club has decided to pull the plug on the Victorian Championships that were to take place with the May 16th race meeting. The race meeting **IS STILL GOING AHEAD** however the Victorian Championships side was voted by the committee: 'That due to the ruling of 'Unlimited' boats not being permitted to race, that is was unfair to those owners and drivers concerned and that it would deter spectators from attending the event'. So although we will be starved of blown boats, Unlimited Outboards, there will be still be plenty to see, as it is the final round of the High Points Championship and it is starting to get very close with some classes. See you there!
